

Quick Start Guide: Tag™ Reading System

The Tag™ Reader connects to your computer to upload your child's play data to their personal LeapFrog Learning Path. LeapFrog's Learning Path is a free online tool that lets you see your child's learning progress with their Connected games.

1. Set up the Tag Reader

- Insert batteries, then turn on the Tag Reader (the green power light will illuminate)
- The Tag Reader includes audio for the included Ozzie and Mack storybook
- Touch the Tag reader to an image, word or icon in the book to hear the audio or play games

2. Set up your computer

- Insert the LeapFrog Connect CD (included in the box) into your computer
- If you can't locate the CD, [download the software](#) from LeapFrog.com
- Follow the prompts to install the LeapFrog Connect application
- Select the Tag button when prompted to select the device you want to set up
- LeapFrog Connect will then prompt you to connect the Tag Reader to your computer

3. Connect the Tag reader to your computer

- Open the LeapFrog Connect application if it isn't already open on your computer
- Connect the Tag Reader to your computer using the USB cable included in the box
- Make sure the Tag Reader is turned on
- Enter a player profile for your child's Tag Reader when prompted
- Continue to follow the prompts on your computer screen to complete the set up by creating a LeapFrog Parent account (or signing in to your existing account), creating a [footprint](#) for the child that will play with the Tag Reader and linking the player profile to the footprint
- You have now created a personal [Learning Path](#) for your child

4. Play!

- Connect the Tag Reader to your computer often to upload your child's [play data](#)
- You will need to download audio to the Tag Reader for each Tag book you purchase using the LeapFrog Connect application
- View the [Tag Reader tutorials](#) for information about downloading audio to the Tag Reader, Tag rewards and Tag settings and help
